The Power to Choose

Elements Inspirations® Basket Weave Combinations gives you the ability to have total freedom of choice when it comes to colour, frame size, shape and laying pattern.

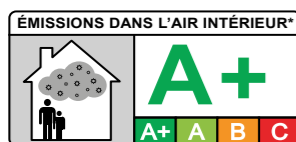

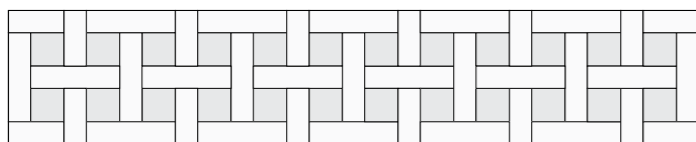

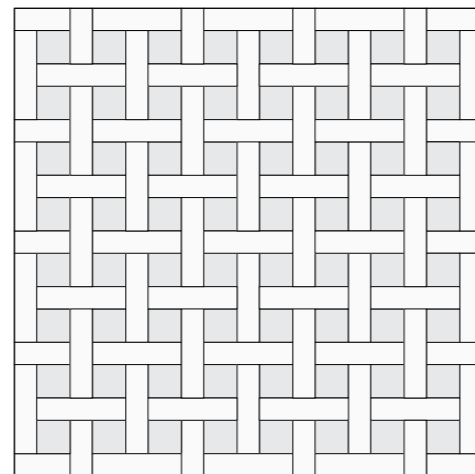

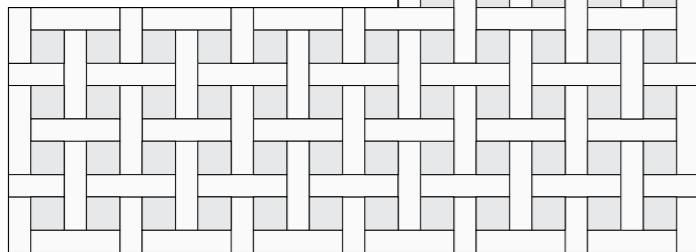

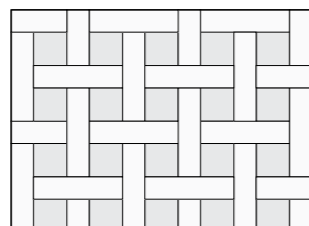

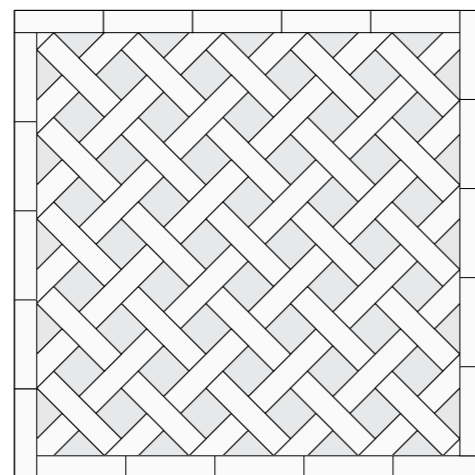

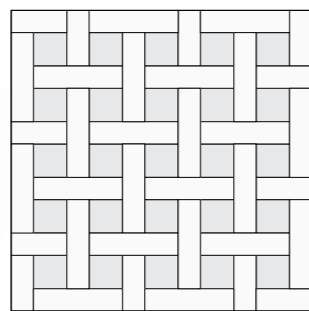

Choose to replicate this rich and storied flooring design in a huge choice of solid or mixed colours to match your decor or add a bold and striking design statement.

Below are a variety of frame shapes to illustrate how they can be used to create different patterns either in a diagonal or straight-lay to suit your space.

Every square insert is precisely manufactured to fit exactly into the frame sections of the Basket Weave pattern.

Bevelled edges on both the inserts and frames complete the look for a high-end finish.

*Guaranteed for use only with electric and water-based underfloor heating (UFH) systems only

Elements

Inspirations®
REGISTERED EMBOSSED LVT

BASKET WEAVE COMBINATIONS

Basket Weave first gained prominence in France during the 17th century, embraced by the wealthy elite as a symbol of elegance and luxury.

This bold statement in floor design is experiencing renewed popularity, making a strong return to modern homes and commercial spaces.

We have invested in advanced cutting-edge machine technology to now offer Elements Inspirations® Basket Weave Combinations, a truly unique collection that gives you the power to choose endless colour options.

This is high-end LVT at its best. Combinations looks and feels just like real hardwood flooring, owing to its Registered Embossing (also known as EIR), a raised surface texture that matches the pattern of the wood-grain.

Boasting a commercial-rated 0.70mm wear layer (20% denser than most competitors), Elements has exceptional scratch protection from scuffs, scrapes and stains from furniture, pets and little ones.

This protection ensures your new floor will maintain its great looks for many years and is, therefore, very easy to look after — just a soft brush and spray mop will do it. Elements is also waterproof which makes it ideal for kitchens and bathrooms (not wetrooms).

- A choice of frames and inserts offers endless colour combinations
- 2.5mm thickness
- 0.70mm commercial wear layer
- Registered Embossed (EIR) finish
- Ultra-matt finish (low sheen)
- Waterproof and stain-resistant
- Slip-resistant rated +36
- Micro-bevelled edges
- Easy to clean and maintain
- Rated A+ for VOC emissions
- Contains no formaldehyde
- Lifetime residential warranty
- 15-year commercial warranty

Registered Embossing for an Ultra-Realistic Finish

Elements Inspirations® stick-down LVT is designed to match the look and feel of real hardwood flooring.

Registered Embossing (known as EIR) achieves this using advanced manufacturing techniques that produces a three-dimensional surface texture that exactly follows the knots and patterns of the wood-grain film layer below.

In doing so, what you can see also matches what you can feel.

Frame: SANDY OAK **EIH-01**
 Insert: SANDY OAK **EBW-01**

Colours	12
Thickness	2.5mm
Wear layer	0.70mm
Box A (frame)	95mm x 380mm
Box B (inserts)	142.5mm x 142.5mm
Units per pack	Frame: 72 units = 2.599m ² Insert: 62 units = 1.259m ²
Total coverage	3.858m ² (Box A + Box B)
Warranty	Lifetime residential 15-year commercial

The Combinations range is designed to be completely flexible, allowing you total freedom of choice like never before.

Our unique 2-part set comprises of Box A (the frame) and Box B (square inserts).

Simply choose the colour for each from a range of 12 wood-finishes, or go one step further and combine several colours together for a bold, one-off piece.

Exceptionally Durable

Elements Inspirations® is built to last. It has a commercially-rated extra thick 0.70mm wear layer, making it suitable for residential and commercial areas.

The wear layer protects the floor from scuffs and scrapes, helping preserve its good looks and making it exceptionally easy to maintain.

A Striking Aesthetic

The Basket Weave pattern has a striking and sophisticated aesthetic with a rich history dating back to 17th century France, when it was embraced by the wealthy elite as a symbol of elegance and luxury.

We have invested heavily in the latest cutting-edge machine technology to recreate this classic design at a fraction of the cost you will see elsewhere, but with the flexibility of combining different colours for a truly bespoke floor.

No Need for Expansion Gaps

LVT requires only glue for installation and can be fitted tight against straight and curved walls and fixtures. This omits the need for expansion gaps that are essential for hardwood floors.

Frame: BARN OAK **EIH-07**
Insert: BARN OAK **EBW-07**

Frame: ROYAL OAK **EIH-08**
Insert: ROYAL OAK **EBW-08**

Safety First

Elements Inspirations® is completely safe for your home. It contains no formaldehyde or heavy metals and is rated A+ for VOC emissions. It also achieves Eurofins Gold Certification for Indoor Air Comfort® and is FloorScore® certified.

FloorScore® is the most recognized indoor air quality (IAQ) certification standard for hard surface flooring materials.

Frame: CLASSIC OAK **EIH-09**
Insert: CLASSIC OAK **EBW-09**

Ultra-Matt Finish

Elements Inspirations® is designed with an ultra-matt finish which avoids the high surface glare commonly associated with glossy floors.

This also showcases the superior scratch-resistant EIR surface which far exceeds almost all other brands and should be a consideration when making a purchase.

Insert: HOLM OAK **EBW-10**

Highly Slip-Resistant

Elements Inspirations® achieves the highest score in Pendulum Slip Value (PTV) tests with a rating of 36+ which is deemed as low slip potential.

PTV tests are used in workplaces, public buildings, and legal investigations and are conducted strictly in accordance with the UK Slip Resistance Group (UKSRG) and Health & Safety Executive (HSE) guidelines.

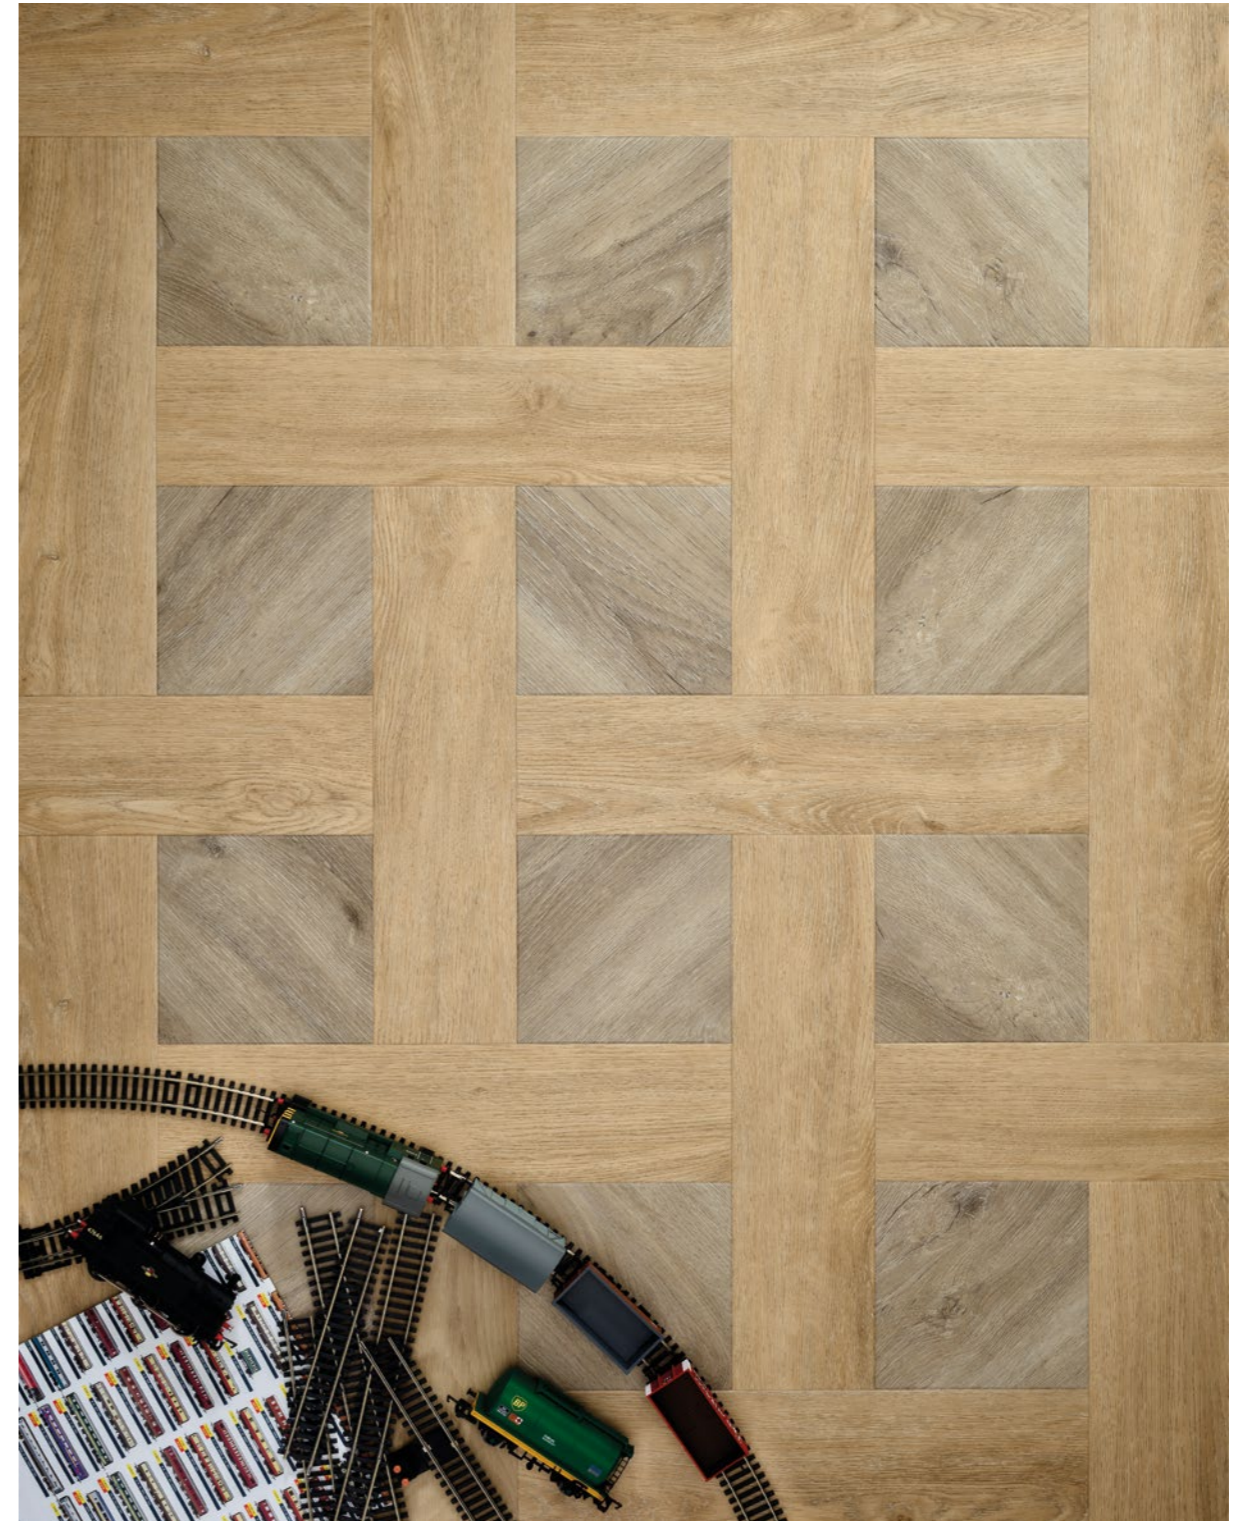

PTV test ratings are defined as follows:

- 0-24 High risk (likely to fail safety requirements)
- 24-35 Moderate risk (caution required; may need mitigation)
- 36+ Low risk (meets HSE guidance for safe flooring)

Suitable for Underfloor Heating

With comfort in mind, Elements Inspirations® is guaranteed for use with electric and water-based underfloor heating (UFH) systems only.

The surface temperature must not exceed 27°C and flooring must be fitted in accordance with BS EN 1264-2 as well as the UFH manufacturer's guidelines.
